Skills

Programming

- Python
- Django
- Javascript
- Html
- Css
- Sql (sqlite)
- Htmx

Languages

- English ([iTep C2](#))
- Spanish (Native)

Qualifications

- 2 + years back and frontend development experience.

Work history

Freelancing and freebies

- **Berlitz.** For a hobby and unrelated to my roll as an english instructor, fully automated repetitive protocol tasks for me and coworkers.
- Designed, implemented and deployed static and full stack multi-feature websites for independent individuals and small businesses.

Education

- **Computer Science Degree at Universidad Del Valle. Cali, Colombia.**
Februray 2019 — Present
- A ton of MOOCS from top universities, self directed materials, and other sources.

Projects

- **Notebook 2.0.** A notetaking app highly personalized to my own needs.
- **Tomatotimer.** A pomodoro-technique-inspired UI for storing productivity metadata.
- **Sanke.** The classic snakegame misspelled.
- **My portfolio website.**
